PRELIMINARY GAME
ST. GEORGE V A.P.I.A.
KICK OFF: 12.15p.m.

Welcome Marconi!

Today it is our pleasure to extend a warm and hearty welcome to the players, officials and supporters of the Marconi Club. We should congratulate them for being the current leaders of the competition, however they should remember that we helped them get in that spot by obtaining a very rewarding win over South Melbourne when we still had the chance of making the top five. Since then, however, our team has had a lot of ups and downs, more downs recently, and now suddenly everyone should realise that in soccer terms, we are fighting for our lives. Fighting against relegation.

We do congratulate Berti Mariani for the great job that he has done this season with Marconi, but this time we will be doing everything in our power for a win, and in doing this will give another team the chance of going into first spot - probably Wollongong our South Melbourne - In today's game we desperately need the points, much more than our guests do and the desperation of our team should be the difference between these two outfits, because on the day and regardless of our position on the table, the Saints can beat any of the other 13 teams in the National Soccer League.

We will do everything to stop Frank Farina and explode certain weaknesses in their defence (fancy talking of weaknesses in a team that has conceded the least goals in the 1988 competition), but if Brunswick the last placed team did the job and beat the first placed team, then why not ST.GEORGE?

Our Youth Team's 5-1 victory over Marconi Youth last Sunday was very heartening for us, and hopefully the "older generation" will follow suit.

In all honesty we would settle immediately for one goal difference in any shape or form, as long as we get the points.

Last Sunday we played Footscray in Melbourne, but on the bumpy and greasy ground we did not play very well. Too many bad passes. We made some tactical blunders, playing into the hands of the home team by pushing up too many players, and that is exactly what would be ideal for Marconi as well, especially with the exceptional speed and strength of Frank Farina. We hope that we will not make that mistake again.

It was great to see Kevin Hagan back between the goals. Unfortunately the ball is not bouncing our way. Thanks to some of the referees as well we are all a little worried about being victimised so frequently this season which has resulted in our players being scared to make a tackle, which is a big disadvantage for us.

We are looking forward to today, being our day!
